

Planning for your child's interests and needs

Dear Parent/Carer,

We will be observing your child while they play to find out more about their interests and how they are progressing. This helps us to plan for their future learning and development.

We really value the knowledge and understanding you have of your child and would really appreciate it if you would share this with us so that together we can plan activities to meet your child's needs and interests.

What does your child tell you they like doing in the Foundation stage?

What does your child enjoy doing at home?

Is there anything significant happening in your child's life at the moment e.g. visits, holidays, new pets, family celebrations?

Is there anything you would like to tell us about your child?

Do you have anything you would like to ask us about your child's progress and development in the Foundation stage?

Is there a particular activity you would like to do with your child?

Please return this sheet to us as soon as possible so that we can add your thoughts and ideas to the planning process.

Many thanks the Foundation team ☺
