

We visited Year 3/4 class in November 2017 to make bread with the class. We were very impressed with the behaviour of the children, they were extremely engaged in the workshop, they were polite and curious to see and myself. They were very engaged in the talking part and answered all of our questions really well. They shared the ingredients at the table very well and helped each other work together to make the dough.

The depth of the questions were asked by the children was very good for their age. The children and class teacher made us feel very welcome and we have loved spending the morning at school.

The class were a pleasure to work with.
