Relationships and Changes
Facing new challenges positively

Our topic:

Go with the Flow!

We will be learning about ...

Looking at how rivers and their uses have changed through times.

The sources of rivers in this country.
The landscape and environment of rivers around the world.

Hokusai work.
Perspective and vanishing points (landscapes and rivers)

Summer Production

Design a bridge to withstand weight and weather to cross a river.

Using the lap tops and iPads as research tools.
Using green screen to record and produce wildlife pieces. To look at recording and editing skills.
